M2VIRA
THE FUTURE OF FASHION CLOTHES

@m2vira

TABLE OF CONTENTS

01

TECHNOLOGIES

What technologies were used
to develop the project?

TECHNOLOGIES

We have used some modern technologies for the development of our website.

TypeScript

TypeScript is the programming language we used.

mongoDB

We used mongoDB for our database.

Next.js

Next.js is a framework that allows us to easily develop and connect the front-end and the back-end.

Firebase

We used Firebase for storing the images in the cloud.
